

Scheme of Delegation

Why does it matter?

There are three core functions of effective governance:

1. Ensuring clarity of vision, ethos and strategic direction.
2. Holding the executive to account for the educational performance of the trust, its pupils and the performance management of staff.
3. Overseeing the financial performance of the trust and making sure its money is well spent.

The eight elements that will enable delivery of effective governance are:

1. The right people around the table
2. Understanding their role and responsibilities
3. Good chairing
4. Professional clerking
5. Good relationships based on trust
6. Knowing our academies
7. Commitment to asking challenging questions
8. Confidence to have courageous conversations in the interests of pupils

As a multi academy trust, the Trust Board is accountable for all major decisions about their academies. This does not mean that the Board will make every decision within the Trust, they will delegate some governance and decision-making responsibilities to:

- The CEO and executive team
- Principals
- Trust level sub-committees
- Local (Academy) committees

In line with our values, particularly that of transparency, it is vital that a clear scheme of delegation defines lines of responsibility and accountability within ATT.

The purpose of our scheme of delegation

- To ensure clarity about the roles of members, trustees, CEO, Principals and committees
- That ATT operates in a fashion that is fit for purpose for a multi academy trust
- To prevent confusion which may lead to a loss of trust with stakeholders

The scheme of delegation is intended to be a working document that will be revised (at least annually) and adapted in response to the context and circumstances of ATT.

As the Trust matures, both in terms of governance and operational leadership, the scheme of delegation is likely to change. This recognises the need to be responsive to the changing circumstances and ensures that ATT continues to best meet the needs of their academies.

Suggested scheme of delegation

- The board of trustees is responsible for the three core governance functions.
- The board of trustees appoint the chief executive (CEO), to whom it delegates responsibility for delivery of its vision and strategy, and will hold the CEO to account for the conduct and performance of the trust, including the performance of the academies within the trust, and for its financial management.
- In turn, the CEO line manages other senior executives and the academies' principals, setting their targets and performance managing them.
- The board constitutes committees for standards, finance & resources and audit; these look in detail at staff and pupil performance, resources and financial performance across the Trust as well as reviewing organisational risk and resilience. As board committees, at least three trustees must sit on each.
- The board delegates some of its school level monitoring and scrutinising functions to academy committees, and these committees will promote stakeholder engagement and as a point of consultation and representation. Trustees do not need to sit on academy committees, and so lines of communication to the board of trustees must be clearly established.
- As the Principal is being line managed by the CEO, the academy committee no longer carries out the governance function of holding the Principal to account. However the CEO will seek input from the chair of the academy committee when undertaking the Principal's performance management. The academy committee must be confident that the trust's performance management systems are working well, and if not, how they can make the trust aware of their concerns. This arrangement will also affect the academy committee's role in Ofsted inspections.

Roles and Responsibilities

The role of the members

The members of the trust are guardians of the governance of the trust and as such have a different status to trustees. Originally they will have been the signatories to the memorandum of association and will have agreed the trust's first articles of association and will also approve any amendments made to the articles of association. The members appoint trustees to ensure that the trust's charitable object is carried out and so must be able to remove trustees if they fail to fulfil this responsibility. Members appoint the trust's auditors and receive the trust's audited annual accounts. There must be at least three members.

The role of the trustees

ATT is a charitable company and so trustees are both charity trustees (within the terms of section 177(1) of the Charities Act 2011) and company directors. Because trustees are bound by both charity and company law, the terms 'trustees' and 'directors' are often used interchangeably.

The trustees are responsible for the general control and management of the administration of the trust, and in accordance with the provisions set out in the memorandum and articles of association and its funding agreement, it is legally responsible and accountable for all statutory functions, for the performance of all schools within the trust, and must approve a written scheme of delegation of financial powers that maintains robust internal control arrangements. It is the employer of every member of ATT staff. The board of trustees has the right to review and adapt its governance structure at any time which includes removing delegation.

The role of trust board committees

In line with The Academies Financial Handbook 2016, the board of trustees have a finance committee to which the board delegates financial scrutiny and oversight and a separate audit committee. ATT have also constituted a standards committee charged with reviewing and evaluating academy improvement across the trust.

Decisions made will be deemed decisions of the trust board. The membership (there must be at least three trustees) and responsibilities of board committees are set out in the committee's terms of reference. The trust board will appoint board committee chairs and committee members according to their skills.

The role of the chief executive officer (CEO)

The CEO has the delegated responsibility for the operation of the trust including the performance of the trust's academies and so the CEO performance manages the academy principals alongside the academy committee chair.

The CEO is the accounting officer so has overall responsibility for the operation of the academy trust's financial responsibilities and must ensure that the organisation is run with financial effectiveness and stability; avoiding waste and securing value for money.

The CEO leads the executive management team of the academy trust. The CEO will delegate executive management functions to the executive management team and is accountable to the trust board for the performance of the executive management team.

The role of the academy committees

The trustees have established academy committees to carry out some of its school level governance functions.

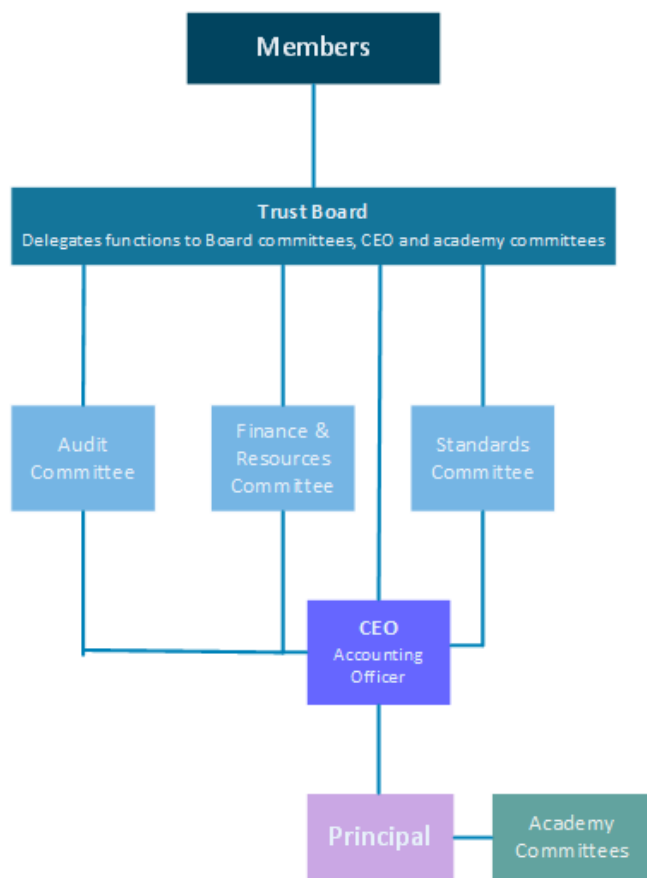

Delegated functions include:

- Building an understanding of how the school is led and managed
- Challenging and supporting the Principal in relation to pupil progress and attainment
- Monitoring whether the school is:
 - Working within agreed policies
 - Is meeting the agreed targets
 - Managing its finances well
- Engaging with stakeholders
- Being a point of consultation and representation
- Reporting to the board

The role of the academy principal

The academy principal is responsible for the day to day management of the academy and is managed by the chief executive but reports to the academy committee on matters which have been delegated to it which may include an element of monitoring and scrutiny of the school's management processes.
