Self-Worth - 11SDi
Engagement - 8JJn

Half-term Faculty Points Purpose - 8487 points
Self-Worth - 9078 points
Engagement - 9061 points

Vice Principal's Message

We are at the mid-way point of this academic year. It's an extremely important time for two particular year groups; Year 9 students are about to make their option choices and Year 11 students have 40 days left until the first big exam. Year 9 students will be offered support and guidance through their choices starting with a Year 9 assembly, an Options Evening as well as individual meetings with staff; this will all happen within the next two weeks. Year 11 must capitalise on these last few teaching weeks in order to maximize their full potential at GCSE; they must take every opportunity given to them, from after school revision classes to Saturday classes to extra work to complete at home. It's important that they 'Carpe Diem' - Seize the Day!

Ms F Rodrigues
Vice Principal

Aspirations

As we reach the half way point of the academic year, we look back at the journey we have made so far and celebrate all we have accomplished. All three

Faculties have lots to be proud of, but it is when we are united that we truly show our skills and talents at their best. At The Hathaway Academy we believe that we each have a part to play in achieving our vision, that we each have an individual role in making a difference and that it is only when each of us put in our best that we can reach our aspirations.

Together, we will make our dreams a reality.

Teaching and Learning

Weekly T&L focus:

Differentiation – We want every student to be supported, challenged and to make progress towards their personalised target.
