

The Hathaway Academy Centre Policy for determining teacher assessed grades summer 2021

FOR GCSES SUMMER 2021

Centre Policy for determining teacher assessed grades – summer 2021:

HATHAWAY ACADEMY

Statement of intent

This section outlines the purpose of this document in relation to our centre.

Statement of Intent

This section provides details of the purpose of this document, as appropriate to our centre:

This policy has been developed in the light of the announcements by Ofqual and the Department for Education concerning the awarding of grades for public examination cohorts during the summer of 2021. It is intended to add a greater degree of transparency and information to the national guidance around this issue which either has been or will be published.

Within our family of academies, we seek, above all

- to enable these cohorts of students to be able to justly and proudly celebrate the achievements of their time with us
- to enable every one of our students to have the evidence they need to move on to the next stages of their educational journey with both pride and ambition.

At the same time, it is the intention of this policy to ensure that the grades awarded to these cohorts of students

- are awarded on the basis of evidence and professional objectivity
- represent a realistic assessment
- are robustly determined and able to withstand both internal and external scrutiny.

Everything that we do within our trust is guided by our *Statement of Ethical Leadership* and our vision statement, and the awarding of grades will be no exception.

Our intention in publishing this document is to ensure that we communicate as transparently as possible about our approach in order that our students (and their parents/carers) can have the highest faith in the process.

The purpose of this policy is:

- To ensure that teacher assessed grades are determined fairly, consistently, free from bias and effectively within and across faculties.

- To ensure the operation of effective processes with clear guidelines and support for staff.
- To ensure that all staff involved in the processes clearly understand their roles and responsibilities.
- To support teachers to take evidence-based decisions in line with Joint Council for Qualifications guidance.
- To ensure the consideration of historical centre data in the process, and the appropriate decision making in respect of, teacher assessed grades.
- To support a high standard of internal quality assurance in the allocation of teacher assessed grades.
- To support our centre in meeting its obligations in relation to equality legislation.
- To ensure our centre meets all requirements set out by the Department of Education, Ofqual, the Joint Council for Qualifications and awarding organisations for Summer 2021 qualifications.
- To ensure the process for communicating to students and their parents/carers how they will be assessed is clear, in order to give confidence.

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to *training, support and guidance in determining teacher assessed grades this year*

- *Teachers involved in determining grades in our centre will attend any centre-based training to help achieve consistency and fairness to all students. This includes fully understanding the JCQ Guidelines Document by reading and signing the CPD central register, attending all additional professional development meetings, department standardisation and moderation meetings as well as any Trust Wide training events.*
- *Teachers will engage fully with all training and support that has been provided by the Joint Council for Qualifications and the awarding organisations.*

This section provides details of our approach to *training, support and guidance for newly qualified teachers and teachers less familiar with assessment*

- *We will provide mentoring from experienced teachers to NQTs and teachers less familiar with assessment.*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as appropriate.*
- *There are no NQTS or teachers less familiar with assessment at Hathaway Academy involved in the teaching of Year 11 of determining of grades for summer 2021.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals. This will be securely stored in the facility provided by the examinations officer and will include a minimum of 4 centre agreed pieces of evidence per student per subject with an evidence overview fronting each folder.*
- *We will be using student work produced in response to assessment materials provided by our awarding organisation(s), including groups of questions, past papers or similar materials such as practice or sample papers.*
- *We will use non-exam assessment work (often referred to as coursework), even if this has not been fully completed.*
- *We will use student work produced in centre-devised tasks that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes.*
- *We will use substantial classwork.*
- *We will use internal tests taken by pupils.*
- *We will use mock exams taken over the course of study.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE.*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials where appropriate to give students the opportunity to show what they know, understand or can do in an area of content that has been taught but not yet assessed.*
- *We will use additional assessment materials where appropriate to give students an opportunity to show improvement, for example, to validate or replace an existing piece of evidence.*
- *We will use additional assessment materials where appropriate to support consistency of judgement between teachers or classes by giving everyone the same task to complete.*
- *We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will consider the level of control under which an assessment was completed, for example, whether the evidence was produced under high control and under supervision or at home.*
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school or college.*
- We will consider the limitations of assessing a student's performance when using assessments that have been completed more than once, or drafted and redrafted, where this is not a skill being assessed.*
- We will consider the specification and assessment objective coverage of the assessment.*
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias this will include using JCQ released exemplification materials along with JCQ released grade descriptor guidance and "Holistic" methods.*
- *Our teachers will produce an Assessment Record for each subject cohort and will share this with their Head of Department. Any necessary variations for individual students will also be shared.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand JCQ Guide for determining grades summer 2021 document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation process in addition to an external standardisation process through accessing Academy Transformation Trust subject network meetings specifically aimed at quality assurance.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation*
- *We will conduct internal standardisation across all grades.*
- *We will ensure that the Assessment Record will form the basis of internal standardisation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
 - *This will be Subject Co-ordinator and Link Member of Academy Leadership Team. In addition external support from Academy Transformation Trust subject network group will be accessed to support with standardisation.*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation.*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019). This will be issued and shared at specific data drop points during the process – April 26th 2021, May 19th 2021, June 10th 2021*
- *Comparison of qualification level results will be based on the use of FFT analysis tool along with FFT benchmarking service that will support with comparison at subject, cohort and learner level. This will be carried out in line with data drop points detailed above.*
- *We will engage in comparison of teacher assessed grades to results for previous cohorts as set out by Academy Transformation Trust as additional levels of quality assurance.*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources that will help to quality assure the grades we intend to award in 2021 this will include use of FFT benchmarks and historic performance data.*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- We will omit subjects that we no longer offer from the historical data.
- Average Point Score Data for Year 11 Cohort 2021 identifies them as an academically stronger Cohort than the Year 11 Cohort 2019 with a higher proportion of Higher Attaining Pupils at the end of Key Stage 2.
- APS Year 11 Cohort 2021 = 28.1, APS Year 11 Cohort 2019 = 27.1

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader or scribe) we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where an assessment has taken place without an agreed reasonable adjustment or access arrangement, we will remove that assessment from the basket of evidence and alternative evidence obtained.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*
- In the case of students having to self-isolate or stuck abroad in another country we will seek the use of electronic / digital submission of work with parental authentication to verify the level of control carried out by student. In addition, once students are physically back in the academy they will be provided with alternative assessment tasks to generate evidence. There will also be the opportunity for teachers to make use of any other prior evidence collected through previous assessments task that reflect the nature of those delivered during the assessment window.

- *To ensure consistency in the application of Special Consideration, we will ensure all teachers have read and understood the document: [JCQ – A guide to the special consideration process, with effect from 1 September 2020](#)*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- Teacher assessed grades will be determined based on evidence of the content that has been taught and assessed for each student.
- Subject specific assessment plans and evidence activities will reflect only the relevant curriculum coverage.
- In the case of another national lockdown or specific Year Group Bubble closure teachers will look to use all evidence to date including Year 10 assessment, prior mock exams from exam secure storage and any suitable Key stage 4 evidence from the 2 year qualification including classwork, exercise books, remote learning records and home learning tasks. Once students are physically back in the academy they will be provided with alternative assessment tasks to generate evidence ensuring normal quality assurance procedures are followed.

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Heads of Department and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements;*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment;*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics;*
- *unconscious bias is more likely to occur when quick opinions are formed; and*

Our internal standardisation process will help to ensure that there are different perspectives to the quality assurance process. Our external standardisation process through Academy Transformation Trust subject network meetings will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Heads of Departments maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of tasks to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*
- We will record and retain work undertaken remotely in the case of another national lockdown or Year Group Bubble closure through electronic and digital submission. I.T. support will set up secure access area for student work which will be supported by the use of Microsoft Teams which has been in place for student upload throughout recent school closure. In additional postal support / evidence collection via home visits will be made available. Normal quality assurance procedures will be followed.

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include quality assurance meetings, internal sampling activities, external sampling activities, teacher CPD and contingency assessment activities will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*
- *Authentication of work completed remotely in the case of another national lockdown or year group bubble closure will be through student and parent / guardian declaration forms being completed and signed off for each piece of work to agree to authenticity. In addition teachers and heads of department will quality assure work against previous evidence to reflect internal quality assurance methods and identify any issues with student "typicality".*
